Your Daily Prayers

Friday, February 1

TIMOR LESTE Give thanks for the impact community-level training sessions have on improving community understanding about the rights of people with disabilities. Pray for people who are willing to commit to raising the money for this project.

Saturday, February 2

PAPUA NEW GUINEA Please pray that Country Leader Natalie Smith is refreshed from her break over Christmas. Give thanks for all those who provide support for her.

Sunday, February 3

NEPAL Ms Niru Shrestha, the nursing superintendent at Anandaban Hospital with over 37 years is retiring. Give thanks for her many years of fruitful service for people affected by leprosy.

Monday, February 4

AUSTRALIA Last year many groups raised money to support small projects. Give thanks for their hard work and commitment to provide for people affected by leprosy in this way.

Tuesday, February 5

THAILAND Give thanks for the care elderly leprosy patients receive at the McKean Rehabilitation centre. Pray there would be groups in Australia committed to supporting them.

Wednesday, February 6

AUSTRALIA Give thanks for Shirley Bates' many years of loving people affected by leprosy by volunteering with the Toowoomba Auxiliary. Pray God would bless her and the team's efforts.

Thursday, February 7

INDIA Give thanks for Rajeswari's excitement in pursuing educational opportunities through the Vocational Training centre. Pray for success for her as she studies. (see KIT02 front page)

Friday, February 8

TIMOR LESTE Pray people affected by disability who are supported by The Leprosy Mission Timor Leste would receive good employment opportunities.

Saturday, February 9

PAPUA NEW GUINEA The team in Papua New Guinea frequently travel long distances as part of their work. Pray for safety as they travel.

Sunday, February 10

NIGERIA Give thanks for the schools receiving education on safe water and disease prevention. Please pray this will result in a decrease in transferable diseases in those areas.

Monday, February 11

GLOBAL Today is the International Day of Women and Girls in Science. Science and gender equality are important for the achievement of internationally agreed development goals. Please pray women and girls, especially those affected by leprosy and disability, would not be excluded from participating fully in science.

Tuesday, February 12

SOUTH SUDAN Due to the difficult security challenge, the program is being closed down. Please pray for South Sudan, that God would bring peace there.

Wednesday, February 13

AUSTRALIA Give praise to God for people like Jan Saunders, who volunteer on behalf of people affected by leprosy. Pray God will call more people like Jan to volunteer in their communities.

Thursday, February 14

INDIA Give thanks for Dr Famkima's trip sharing about leprosy in India. Pray he would have a fruitful year working to cure and restore people affected by leprosy and disability.

Friday, February 15

TIMOR LESTE Give thanks for supporters who have provided funds to The Leprosy Mission Timor Leste to modify houses to support people affected by disability, helping them live independently.

Saturday, February 16

PAPUA NEW GUINEA Community health workers in PNG frequently have little knowledge about leprosy. Please pray The Leprosy Mission Papua New Guinea would effectively partner with the PNG Ministry of Health to be able to change this.

Sunday, February 17

NIGERIA As The Leprosy Mission Nigeria distributes pamphlets on leprosy prevention and disability, pray whole communities will be benefited by them.

Monday, February 18

NEPAL Ms Mahima Bantawa will be the new superintendent of nursing at Anandaban hospital. Please pray she will have wisdom and compassion for staff and people affected by leprosy and disability in her new role.

Tuesday, February 19

AUSTRALIA Small projects are a powerful and purposeful way to support people affected by leprosy. Please pray and ask God if there is something He wants to lay on your heart, for you, your community group, or your church, to commit to.

Wednesday, February 20

GLOBAL Today is World Day of Social Justice. Pray for a fair, peaceful and prosperous coexistence within and among nations. Pray for the removal of the many barriers that people face because of their gender, age, race, ethnicity, religion, culture or disability.

Thursday, February 21

TIMOR LESTE As The Leprosy Mission Timor Leste conducts leprosy screening sessions in schools, pray they would not miss anyone affected by leprosy.

Friday, February 22

NEPAL Give thanks for the workshops, gatherings and fellowships The Leprosy Mission Nepal has been able to organise with local churches and Christian leaders. Pray these networks would be powerful in helping people affected by leprosy and disability.

Saturday, February 23

NEPAL Give thanks for Kashi's willingness to tour Australia. Please pray for a successful year for him in his work to help people affected by leprosy.

Sunday, February 24

NEPAL The Leprosy Mission Nepal is involved directly and in partnership in all the seven provinces of Nepal. Please pray they can work well with local and national governments so their work with people affected by leprosy and disability can continue.

Monday, February 25

AUSTRALIA Give thanks for former board chair and national council member Rob Swanton's faithful service to people affected by leprosy. Please pray for his family, that they would feel the comfort of the Holy Spirit at this time.

Tuesday, February 26

INDIA Give thanks for the skilled surgeons who are able to perform reconstructive surgery for people affected by leprosy. Please pray they would rely on God for their skills.

Wednesday, February 27

GLOBAL Today is World Non-Government Organisations (NGO) Day. Give thanks for Organisations and their supporters that help provide people in need with dignity through education, health care and opportunities.

Thursday, February 28

INDIA Please pray all hospitals would always have access to the medicines and treatments they need for leprosy reaction and ulcer treatment. Pray that leprosy patients will be able to access these vital tools in their recovery.
